## **Brönner & Heilmann, Karlstein a. M. (Franken) WEIN.GUT**

**The Brönner & Heilmann vineyard sites are located in  
Wasserlos and Michelbach – original Franconian wine - growing regions.**

The history of the Brönner & Heilmann winery dates back by more than 40 years. The winery was founded by the Heilmann family in 1978. The Brönner family took over the estate in 2015 and have been running it ever since. "We care for our vines all throughout the year to make the most of what nature presents," owner Thomas Brönner says. "It is an essential part of our philosophy that we recognize the sun, soil and climate as the fundamental factors of viticulture. All we can do is help and support at the right moment."

**"Nothing more excellent nor more valuable than wine  
was ever granted to mankind by God"**

Plato (Greek philosopher, 347 BC)

The care and experience the Brönner & Heilmann winery has in viniculture results in exceptional, characterful wines. Wine experts repeatedly confirm this.
